To Rick, Ray, and the family. We were all so sorry to hear about Dad's passing. We know that through the past months both you all and Dad have struggled to fight this terrible disease. Both physical and mental strength, but especially your faih has been tested. Know as I am sure you do that although it is always so difficult to let go of someone so close, to us on earth, that they have achieved greatness in heaven and they will always be remember for all the wonderful things that they achieved while they were with us. I am just so glad that my family and I have been able to be influenced by both your dad and the Busch family over all these years. Please except ou heartfelt condolences, The Dymkowski's (Big Boomer)
