Grandma was one of the closest people to me growing up. I would spend the weekends at their house; it was my favorite place to be. It was my safe place and my happy place to go. I have such wonderful memories of weekends with grandma and grandpa. I am sad I did not get to attend her funeral.

We are saddened by the passing of Doris, but know she is in a better place with her Lord and her beloved Paul. Doris was a role model for all of us who worked many years with her at Bayfront Lab. We have very fond and happy memories of our years together and her pleasant and humorous personality. Amongst our favorite memories are the many celebrations we shared together outside of work and the relationships that developed from them. Please know that we will always hold those memories close to our hearts.
