Papa John.. For some reason I cannot stop thinking about you today, I think of all the memories and stories. But I think about all that you have missed and how different things would be if you were still alive. I think of how you would have loved to meet my wife katie and the many convos you two would share. I think of you kissing/scratching my son and daughter like how you use to with me. Or them sitting on your lap and you would sing to them in italian. I miss you and grandma so much it hurts sometimes. But I know I will see you again soon in heaven. Love your grandson Jonatee AKA Jonathan

Hey gramps, it's been 12 years and I still think about you, I remember all the stories you would tell me and I just wish everyday I could hear your voice again. You always told me I had a good heart and you know papa, I've always held that dear to me. I wish I could see you so I could discuss more mature things now since I'm not a little 8 year old but we will when we meet again in heaven with the Lord in our presence. You were the best man I've ever met and it was an honor to be able to be a descendant of John Marzano, my grandpa. I love you gramps, I can't wait to meet again.- Nicolas

Dad, In 3 days it will be 2 months since I last heard your voice and I can't tell you how broken I am. I'm trying to be the person you wanted me to be , but daddy it's so hard without you there telling me what to do. I have some things going on in my life right now and I know you see them so I'm ok, but I sure wish you were here so I could get a hug and you tell me everything is going to be alright. Just know that they say time heals all wounds, I used to believe that but not anymore, I feel as heartbroken today as I did on June 17. My only counsolation is that I know you are happy with the Lord and happy to have momma back on your side. I pray the Lord gives me peace until I see you both again someday. Just do me a favor dad be there waiting for me so you can hold my hand like you did all my life. I love & miss you and momma much. Love Always, Esterina

Dad, I just don't know what to do. It is very lonely without you. Every night my kids send their love. I just miss you so much and everyday I console my self with your quote you said to me to be put on your mosoleum. "I'm in heaven and I'm happy". I bet you are and someday I will be happy with you and mom again. Love you. I couldn't have asked for better parents. We were truly blessed!! It is not goodbye it is see ya later.
