I'll always remember Scott and Lisa playing hours and hours together as children (five to nine years of age). Lisa and Scott were best friends. The Clarks lived right next door to us in New Jersey. I was so very sorry to hear of Scott's early death. Peace and love to his daughter and son and to his parents and Danny. Love to you all, Sue

daddy i think of you every day and miss you more and more. I wish you were here to see how much i grown, the things i've been doing. I want you here to share the Big important stuff in my life with me. you meant the world to me and so much more! i feel like i'm missing half of me and i hate it. You always knew the right thing to say, right thing to do to make me feel better. i miss our talks, our jokes, the stupid car games we played. i still think about the time i had to get a shot and i balled my eye's out crying and you sat there laughing hysterically at me...crying because you laughed so hard. you were the best daddy me and justin could ever need, and more than what we could ask for. nobody compares to you. i love you daddy, forever and always! your sweetheart

I have so many fun memories of working with Scott, especially on those night shifts in the PD basement back in the 80's. He was the most diligent worker I ever knew, and we had more laughs than you could imagine. Godspeed, my friend.

To all of Scotts family, Parents, Children, and Brother-- Scott was such a special friend to my family, especially, my son, Eric Bjurholm, whom I lost on 9/14/01. There are no words to express my sorrow, I know first hand what it feels like, but Scotts love will always remain in your hearts, and God will keep him in his loving arms forever.
