A good teacher will teach you the subject but a great teacher will inspire you for the rest of your life. Mr. Broussard was a truly great teacher. While he taught me geography he inspired me to treat everyone with kindness and respect. On occasion I will catch myself repeating one of his trademark phrases. I am honored to have been taught by him and more importantly to have known him.

I loved Mr. Broussard and he is the reason I devoted my life to teaching. Not only did he teach me the curriculum; but, he also taught me compassion, love for students and a myriad of other things. I have told people through the years that Mr. Broussard was my favorite teacher and have used many of his sayings in my classroom. He was a light in the darkness of high school and I will never forget him. I look forward to seeing him again.

Daddy I love you and miss you so very much. You taught me how to be a good person, and how to be a good friend to others. I know that with your years of teaching you touched so many lives that have wonderful memories of you. You and Mom being married 66 years and 9 months, gave us daughters a strong family bond. You taught us to be respectful of everyone. As the song says "There was always love in Daddy's hands".

We are so very saddened by Uncle Gene's passing, but simultaneously heartened to know that as Aunt Beulah has said, he's walking on two good legs today. What a glorious life he had and what a wonderful testament to the power of a godly life he was. We have been blessed to have had him in our lives.
