I think Gram was younger than me at heart. Not only did she beat me at every card game we played, but she also knew more about email than I ever will, and even beat me to being prom queen (and a beautiful one at that!). I am one of the luckiest kids in the world to be able to have spent time with a woman like her. She could brighten my day with quite honestly some of the funniest (and sometimes dirtiest) jokes I've read in a while. She could make you laugh no matter the situation and she never stopped being the bravest person I know. The truth is, Gram is who I aspire to be more like every day. Gram, you wear that crown well! I love you more than you could imagine.

My heart goes out to each of you at this time. It is always difficult to loose your parent no matter how old you are. Aunt Betty was a great Aunt and I have some really special memories of her and Uncle Bill. Love,Sue-Betty
