Lois G. Hesse was the last surviving member of the original Glendenning family of East Quogue NY. She was the daughter of Robert, Irene and Mary Glendenning, all deceased. My mother had not worked for over ten years, was never a seamstress, but much like me loved to sew. Her work was raising a selfish granddaughters two children. The family count is as follows: She is survived by son, Robert Hesse, Karen Demperio, Sheri Boykin. There are currently 11 grandchildren, 17 great grandchildren. Services were held by other family members both in Tallhasse, New York and Tarpon Springs, where those who truly loved her gathered and praised a life lost, these all took place at exactly the same time. My mothers church affiliation was the the United Methodist Church of East Qougue Long Island, who are excepting donations in her name for rebuilding the church. My mother spent the last fifteen yars of her life with those who truly wanted and loved her. She was closest to me her youghest daughter, she loved to thrift store shope or any store shopping, loved the Fourth Street Shrimp store and loved life in general until forces started working against her. She spent time with her most recent great grandchild and celebrated my 28th wedding anniversary with my husband and I. She loved her family, even though her oldest deserted and left her behind, as did her first granddaughter, I have her last diary, someday as promised one piece of paper will prove to all who caused the downfall of a family. Mom you rest in peace, I know that you are in the arms of your father and mother's that you are fine. I know that you will be there when I make the same voyage. Be at peace that all is well and that no one can harm you ever again. You and I discussed the fact that the truth is always there, the right people just have to look and really see. Forgive the sins of your family for there is a faction that does not know what they do. Rest and hold the place next to you for me. Thanks for the wonderful sign that you left me. I know that I was the only one who understood it. I will always remember our last call. I will remember when those have gone forward and forgotten what they did. I know that God is in my life, and there are those he is not. I keep in touch with Robbie and the boys as you asked, I cannot do the other, and you know why. God can only forgive them mom it is not up to me. I love ya lots and miss you lots and save that space, see you when it is time, give Precious and Bill's family and my family a big hug snd kiss, bear and brownie and snowball daisy and duck apeak too. Love Ya Sheri and Bill
