The memories I have of Stephen have been with me all my life, through all my travels around the world and they will continue to be with me always. He taught me things when I was a young man that I have passed on to my own son and other young men as well. He was an inspiration in my life that I will always cherish.

My dear friend Steve Fish, I knew something wasn't quite right but being the strong person that you are, you'd never admit having any complaints ("I have no complaints"). I know you had your reasons for not sharing your fears. I will never forget you. You taught me a lot and I always admired all of your talents. I hope it wasn't painful and I pray that you are in GODS house planting a beautiful flower garden and remembering how much you were loved and cared about so much, before you left this place. May GOD be with you forever and ever...Amen
