before permanently moving to florida edna and i lunched together once a week, sometimes twice if we could talk dad into going. everyone would always remark what a "cute couple" they were and if i were their daughter. edna would always answer, she is my other daughter. dad was a flirt and would always flirt with the waitress's mom and i would laugh when he was with us, i will miss them both, rest in peace mom and dad..... love, your other daughter
