Billy and family: It is 10:50 AM here in Watson, and my thoughts and prayers are with you. This is such a hard time I realize, but try to think of all the wonderful times you had together. Certainly there will be a void, but time will help ease your loss. We still have a hole in our hearts since our son died, but time has helped. Aunt Leah was very special to me. She never let anyone keep her from visiting us, and I am forever grateful for that. May God's blessings be on you all. In His love, Antoinette

I will always remember and love Aunt Leah. She is a special symbol of family and relations with people. She was my inspiration on how to keep a family together. Many times during my childhood she would have family parties with great dinners. We were blessed to have her alive for so many years. We will miss Aunt Leah and no one can replace you!!!
