Six, maybe seven years ago I traveled to meet Sue as I was scheduled to be trained as a Breath Alcohol Technician. New to the industry at the time, her expertise inspired me to 'learn all I could'. I eventually started up a drug and alcohol testing business and called on her for advise sporatically throughout the years. She was a 'staple' in this business and I am so, so very sorry to hear she is gone. My deepest condolences go out to her family. I am certain, her staff will make her proud and continue her legacy. You will be missed Sue and Thank You for all that you have done!

It is truly saddening to learn of Sue's passing at the young age of 51, she had so much more to offer to her family and business given more time. Alas, there must be a reason. I enjoyed seeing Sue at the annual Lifeloc meetings and will miss her energy and zeal for her profession and life in general. She was true innovator in the drug and alcohol testing and training industry. My sincere sympathy goes out to her family, her granddaughter is adorable! For those of you at Alpha Pro Solutions I'm sure you will continue Sue's legacy in the industry. God bless you Sue!!

I will take her with me in my heart always. My love to all the family and friends. We share in your grief. I am so glad that Sue got to meet her new granddaughter before she left this life.
