We all do not realize how swiftly our lives move and how easily we get caught up in our daily lives. I had met Betty and Ray back in 1993 when I started Civil War reenacting. My son Alex was only five then and Betty was so helpful and loving in the way she helped to put Alex into period clothing, (That she made) so that he could feel a part of everything. And Ray was the first to allow Alex on the field as a color bearer once he was old enough. Betty was always so caring and giving and I and my family only wish we had one other oportunity to tell her that she and her family were always in our thoughts and our prayers. We do not want to say Goodbye, but God Speed, and you will always be in our hearts. Our thoughts and prayers are with the entire family.
