I had the pleasure of working with Jen at Pinellas Urology and am deeply saddened for your loss. I always remember Jen talking about her family and her dog Diesel. Jen was a loving person and always had a smile on her face. Rest in peace my friend. God has received a beautiful angel?

My deepest sympathy to Jen's family. I'm so sorry for your loss. My heart hurts as tears roll down my cheeks thinking about what to write as I ramble on and on. I had the greatest pleasure and opportunity to work with Jen at Pinellas Urology. She was always upbeat and had a smile on her face regardless of how tough and stressful her day was. She was a very strong women and full of life. She was always so helpful. She never would say no when I would ask her for help. I'm truly going to miss working with her. She was a joy to work with. She was always so thankful whenever I would go back to medical records to help for the day. I'm going to miss her sweet cheery voice over the phone as she was the main person that would answer the phone when I call from the Pasadena office. She has such a big heart. I'll never forget the great big hug and the sympathy that I got from Jen when I returned to work after mourning the loss of my mom 4 days before Christmas last year. Now we have to mourn Jen's loss. 😭 rest easy Jen. You are no longer suffering. You'll never be forgotten. You will be missed at Pinellas Urology as you played a big role at our office and had a huge impact on everyone.

I worked with Jen for a little over 2 years. She was truly a beautiful person inside and out. She was always going above and beyond to lend a helping hand. I am going to miss that sweet voice of hers and seeing her smile everyday coming into work. She will be truly missed and her family and friends are in my heart and prayers.

Jenny and I became friends back in the early 1990's. We shared good times boating and hanging with our families. She was always there to bandage us up, and she was always so sweet with my mom and dad when they needed help. She was everyone's "nurse" and cared very deeply for her family and friends. Though we grew apart in miles over the last several years, I still hold her and Sean and Daffney, Doug, Amaya and Chase close to my heart. Our family sends our deepest sympathies. The Fleetwoods.
