Susan was an amazing woman. She was so very kind. She was so very helpful, especially during her time in Human Resources at Signature Healthcare. Anytime I went to Susan needing help, she would always help, with a smile on her face. She never made me feel that she was too busy, even though she always was VERY busy, she wore MANY hats. I missed her so much when she left Signature Healthcare, and I will miss her even more, now that she has left this world. This world lost one very BEAUTIFUL angel, on the day that Susan Carpenter went to her home in Heaven.

I am so sorry for your loss. I knew Susan as the HR Director at a facility I worked at. She was such a sweet motherly person who was always there to listen and provide encouragement. I will always smile when I think of her Betty Boop collection or making gourmet coffee for the residents. I think she enjoyed chatting with them more than anything and was always there to brighten someone's day. God bless her and her family. ❤️ Kim Friedman

We are blessed knowing Sue & Kenny. It was really a shock learning from Kenny that Sue is gone. I met Sue when I and my younger sister Myrna worked as a registered nurses at the nursing home where she worked as the Director of Human Resources. She treated us like family. (I know my sister Myrna will be happy to see & welcome her up there in Heaven) We know though that Sue is never really gone. She will always be remembered for the love she shared & the happiness she brought . She has a cherished place in our hearts. Kenny, our caring thoughts , prayers and GOD'S comfort be yours during this most difficult time. David & Nenita Sweet
