You were such a sweet light! Your passion for life and unbridled love for your family were unparalleled. I was honored to call you a friend and to be embraced as family. My heart is full for those left missing you...myself included. I will always be here for Neko and Mike..your son deserves the best life and I hope to be able to contribute even a fraction of the love you have for him throughout his life. I love you forever

Chrissy was one of my closest friends when we were growing up. We met at a party the summer before our senior year of high school. We bonded instantly and were inseparable for years after. Chris was a lighthearted and happy person. I can think of us laughing all the time. We went through alot together. When she moved to Florida, I didn't want her to go. I'm sad we didn't get to spend her last couple years together. I love you, my creampuff. I'll miss you for as long as I live and I'll see you when our souls find each other again.
