**Dee Burns** shared a photo to the **Tribute Wall** album.

I keep thinking of Crystal and thinking of the many memories I am privileged to have of her. Whenever I see the color purple I have a lovely reminder of her favorite color. I loved my visits to lunch with her at Menorah Manor. We had enjoyed looking at my travel pictures, sharing the roof top garden, and talking about her lovely family. Even though she suffered her ability to communicate I always felt she was listening g to me and enjoying our time together! I am forever grateful for theDiCicco family for sharing her with me. She will always be in my heart. Gone but never forgotten. Love Dee Burns
