Do you need Me? I am there. You cannot see Me, yet I am the light you see by. You cannot hear Me, yet I speak through your voice. You cannot feel Me, yet I am the power at work in your hands. I am at work, though you do not understand My ways. I am at work, though you do not recognize My works. I am not strange visions. I am not mysteries. Only in absolute stillness, beyond self, can you know Me as I am, and then but as a feeling and a faith. Yet I am there. Yet I hear. Yet I answer. When you need Me, I am there. Even if you deny Me, I am there. Even when you feel most alone, I am there. Even in your fears, I am there. Even in your pain, I am there. I am there when you pray and when you do not pray. I am in you, and you are in Me. Only in your mind can you feel separate from Me, for only in your mind are the mists of "yours" and "mine. Yet only with your mind can you know Me and experience Me. Empty your heart of empty fears. When you get yourself out of the way, I am there. You can of yourself do nothing, but I can do all. And I am in all. Though you may not see the good, good is there, for I am there. I am there because I have to be because I am. Only in Me does the world have meaning; only out of Me does the world take form; only because of Me does the world go forward. I am the law on which the movement of the stars and the growth of living cells are founded. I am the love that is the law's fulfilling. I am assurance. I am peace. I am oneness. I am the law that you can live by. I am the love that you can cling to. I am your assurance. I am your peace. I am one with you. I am. Though you fail to find Me, I do not fail you. Though your faith in Me is unsure, My faith in you never wavers, because I know you because I love you. Beloved, I am there. James Dillet Freeman

I met Andy and Susan back in 1975 where I was blessed to have them as neighbors. We became fast friends, something I have cherished all these years. Even when we have not spoken for long periods of time, the bond is always there, there is never a need to find a starting point. Never in my life experience have I encountered two human beings who project such kindness and unconditional love. Susan will always resonate in my memories as a kind, gentle, loving, yet tenacious soul. In the end, her light became much too bright to exist in this earthly frequency. I am saddened that she has passed, but happy that she is liberated from the confines of illness and pain. My friend and brother Andy; I hold space for you with all the love I can muster. You are a friend and a brother to me. Whatever I can do, wherever you need me to be, I am here for you.

I met Andy and Susan back in 1975 and had the pleasure and honor to live across the street from them. That experience blessed me and my family with two friends that have been the most amazing souls I have ever known. While distance has kept us from seeing each other for much too long stretches of time, the unconditional love has always and will always be there. Susan, your love, your light, your heart has touched countless people and will continue to live on in the hearts and minds of all who light the energies of remembrance. Andy my brother, I know that you are fully aware that Susan is now free of illness, free of limitations. I also know that this is not an easy journey, but know that I love you, I am here for you, and will do anything I can for you. Rest peacefully dear Susan, we love you.
