Go kart rides, eating watermelon on the back porch, taking care of the chickens, feeding the horses, spending my summers with him at our house. I cant say I've always seen eye to eye with Shawn, but I can say that I will sorely miss him, and i have never experienced any negativity from him. He always loved. He showed that every time I saw him, even against and in spite of opposition to that. Dude had a great smile!

I loved watching Shawn love on his Granny Barbara and joke and interact with his Grandpa Bill. He was always so helpful when we were with them and full of laughter!! I know in my heart and spirit he is reunited with his grandparents, nephew and a lot of other family in heaven. seeing all the wonders and beauty and still has that beaming smile.
