To All Martinez and Gonzalez Family members, I am sending you condolences and prayers in these trying times. As a daughter in law's perspective, mama Antonia has opened her arms, heart from the first time that I met her. She has always shown love and compassion toward myself and my children. I am in morning of such a beautiful soul and the news of her sudden passing has been hard to accept and process. Our children are mourning a loss of their abuela, and I try and comfort them, my amazing husband and myself by knowing that she is at peace now, in the embrace of God, and the physical suffering that she endured has ended. I will cherish all of the beautiful memories of mama Antonia, forever. From all of the things she shared with me about her life, I have found out that even my husband, her youngest son Miguel, didn't know of. I felt a connection with her instantly and effortlessly. She had a special way to bring out the best in everyone and everything that she did came from love. It's very difficult being far in times such as these, from family who loved her. Even though we're not able to be there right now, we are there in spirit and you are all in our thoughts and prayers. May this beautiful lady RIP, for eternity. Thank you mama for giving me the love of my life, the beautiful man that you bore and raised, and filled with love and kindness. He, as well as the rest of your family, is a compassionate soul. I will always be indebted to you for the son that you raised to be a great father, amazing husband and kind man. Words can't really express the sadness that we all feel. We will miss you and love you always. Until we meet again, rest easy. Your suffering has ended. Love you mama. Miguel, Sonja, Antonio and Leila.
