My heartfelt condolences to the family. I used to work with your mother at JDC in Clearwater back in the '90s. She was always a joy to work with. She was hilarious as we always joked around while getting the job done. She would also sing to all the juveniles to brighten their days there. RIP Mrs Fuller

Stephanie always did everything she could to take care of athletes. We met 16 years ago at a basketball tryout and she completely opened her heart and arms to everyone. She loved her children and grand children more than anything. For years, we traveled together as parents of athletes on the same team. There was never a time I didn't see her smile. Rest in paradise beautiful. You will surely be missed. Continue to smile in heaven.....Sending a big hug and prayers to Dre and the lovely ladies of Stephanie ❤️

I am sending my most sincere condolences to Stephanie's family. I am so very sorry for your loss. I met Stephanie in September 2021. She was my supervisor but she was also my friend. She helped me shape my new beginning in my career and was always supportive, kind, and generous with her time. I would always go to her office to talk about the best places to get our nails done or which eyebrow tint lady was the best. We shared so many laughs about everything. We shared stories about our children because they were close in age and she always offered opportunities to help her in the community with youth sports and events she wanted to get started. Stephanie is one of the greatest women I've ever met in the short time I was blessed to know her. She never failed to pray for people even for those who weren't the best people towards her. She was the epitome of strength and compassion. I will miss her so much. I know she is loved beyond words. May God continue to watch over her family, and God rest her soul. Sending all of my love and prayers to her family.
