I will always remember you as the first person to help me escape the bad times. You helped me more than you'll ever know. I still cannot believe you are gone. I wish we had been able to spend more time together. Our high school years were fun and silly and truly the foundation of who I am now. Your personality shines so bright and you can see it in these photos. I know you are thriving in a better place right now, but we all miss you so much. You will always be in my heart.

We only had one little girl in our family, she was a very special little girl with big blue eyes. She was always being silly and always smiling. She always reminded me very much of both of my sisters. When she had her own baby girl I had no doubts that she was going to be special just like her. At less than two years old Alina has already proven to be quite a character. We will always keep a close eye on her, and she will always remind us of Carlee. Rest in peace special girl.
