Everywhere she went, she effortlessly made friends with her genuine people skills and warm heart. Despite her extraordinary ability to forge new connections, Alice held her family closest to her heart.

Alice was not only known for her magnetic personality but also for her timeless beauty. Not a single wrinkle appeared on her face, and her fashion choices were always bold and beautiful. Her perfectly styled hair and flawlessly applied makeup were a testament to her meticulous attention to detail.

In addition to her love for animals, Alice had a unique affinity for raccoons. She ultimately raised four raccoons as her own babies, and she devoted herself to their care and well-being.

Alice was a determined learner, though she rarely admitted that there was nothing that was not her forte. However, Alice's unwavering determination and willingness to try new things were truly commendable, and her enthusiasm overall was matched only by her boundless spirit.

Above all, Alice will be remembered as an incredibly loving, giving, kind, and strong woman. She had a genuine knack for making everyone she encountered feel like a friend, and her compassionate nature endeared her to all who had the pleasure of knowing her.

Services to celebrate Alice's remarkable life are currently pending and will be announced shortly. During this time of grief, may her family and friends find solace in the memories they shared and draw strength from the legacy of love and kindness that Alice leaves behind.

I feel so sad for Alice! I'd been with her for 2 decades & also bought items ONLY because she was a sincere host. It's disgusting about HSN, taking measures like that to end her job, allegedly, "because her performance was bad as a host", when all can see, it was because of her illness! Same on HSN! I do not feel like I want to buy from HSN or QVC anymore. WAIT, dear CEO's, when YOU are older & get sick with something beyond your control. I hope your world collapses! This is so wrong! The courts agreed on Alice's behalf. May Alice RIP & her family KNOW that she was loved & is truly missed!

I loved her broadcasts on HSN, & now I'm so disgusted WHY HSN had fired her...because of an illness she couldn't control? WAIT until one of you CEO's have an auto-immune disease or other that may impair working ability. Then you'll understand.Well, EBay, here I come!!
