Laura and I had our differences in the beginning dealing with the same women, and at the same time actually became a strange kind of friend, she wanted to get her CDL. For trucking so I let's say I borrowed a trucker trailer from work to teach her how to park and counter steer, I miss you, no one really new and it was none of their business. I love you and miss you.

She was my neighbor in MD, at Adventure Bound. Got to hang out a lot during the pandemic, since we were locked in for a few months. Many great times. Her energy was unlimited, and the stories were amazingly entertaining. I was at her wedding and brought the rainbow cake. Very sad to hear about her passing.

The best aunt a girl could ask for. I could always count on you to teach me about all the cool music and dance moves. You taught me how to draw, joke and play. You taught me about forgiveness and accept. You loved fiercely and fearlessly. I know how proud you were of me and my kids. I was always proud to have you in my life. You are gone too soon and will be missed so much. I will always think of you when making your salsa, or hoagie dip. I know you're happy in heaven with your dogs and your friends and family who went before you. Rest in peace.
