for her devotion to her mother-in-law, Syvannia Crumbley Conger, in Nashville, GA. Known affectionately as “Granny”, “Aunt Lou” and “Gran Gran,” Lucille’s warmth extended to everyone she met, including their pets. Though she only had one dog, Pierre the poodle, she had a special fondness for all dogs.

Lucille had a talent for nurturing orchids and plumeria trees, which she brought from Hawaii. The fragrance of her flowers was a source of joy and beauty. She enjoyed a glass of wine in the evenings while listening to country music and occasionally dancing a two-step or jitterbug. Her legacy of beauty, laughter, and a free spirit will forever remain in the hearts of her family.

Flowers are appreciated and/or donations may be made in her memory to the Alzheimer’s Foundation of America or a charity of your choice..

We are going to miss you so much Granny. But I know that you're in a better place. And no longer have to live with that dreadful illness. I find peace through the memories of our time shared. I always loved watching your shows with you or hearing what was going on. I remember picking and shelling peas in Georgia and how you loved the family reunions. And summers at the beach. You were a shining light to us all. Thank you for all you did and how much you loved us.

Granny we're going to miss you terribly! But I know you're ok and no longer having to live with that dreadful illness. I find peace in my memories of you. Watching and hearing about your stories (soaps), family reunion weekends (and frozen margaritas), shelling peas and picking strawberries. And I'll never forget our summers at the beach. I appreciated you so much for staying with me after Kathryn was born (we know I needed the help). You were always there, no matter what. I will love and carry you with me always.
